

## Saint John County Civic Roundtable

### Minutes of Meeting

May 9, 2016

The meeting was called to order by President Rick Lofgren at 9:00am.

The minutes of the April 10, 2016 meeting were accepted.

The treasurer reported a balance of \$1015.64 with 9 paid members.

President Lofgren introduced the guest speaker, Mr. Jason Barrett, E.V.P – C.A.O. Of Flagler Hospital.

Jason stated that there is a need to move (or change) the way we deliver health care. He outlined the new program Flagler Hospital is implementing to accomplish this. He said that St. Johns County has a unique opportunity because there is only one hospital in the county. Flagler's program for this change includes building a collaborative community for health management. To accomplish this, Flagler has joined a regional Coastal Community Health Alliance with both Baptist Health and The Southeast Georgia Health System. In addition, Flagler has developed The First Coast Health Alliance which includes 207 local doctors.

Integrated care delivery centers around the primary care office and includes six other functions. Behavioral and transitional care are other important parts

of the overall integrated care function. The next step for Flagler is developing a Community Resource Alliance whereby community resources will be integrated into the health care continuum.
